## PROJECTS

2024
**Modern Portfolio**

A portfolio website is a digital platform that showcases the professional endeavors, projects, and career progression of an individual or a company.

**Links** https://ayberkyavas.com │ https://github.com/Ayberkyvs/ayberkyavas-v2

12/2023 – 05/04/2024
**Teknofest Rocket Competition**

Contributed to fostering interest in space technologies and raising societal awareness in aviation, space, and technology. As a member of the software team, focused on:
    • Designing a unique UI using React.
    • Developing software for real-time processing of altitude, pressure, and GPS data with the ground station.

**Link** https://www.horizonrocket.com

04/2023 – 06/2023
**Parkpin Smart Parking**

Parkpin Smart Parking is an application that allows users to view all parking lots on a map, obtain information about the parking lots, reserve a spot, and make online payments.

**Link** https://github.com/LoyalEnv0y/ParkPin-V2

09/2022 – 01/2023
**Gameathon Full Stack**

Gameathon Events are organized by Izmir University of Economics Vocational School and participants are expected to develop a game from scratch within 24 hours. I not only provided the website with admin panel and application infrastructure for this event, but also served as the director throughout the event.

## NETWORKS AND MEMBERSHIPS

12/2023 – 05/2024 Izmir
**Horizon Rocket Team**

22/10/2022 – 05/2024 Izmir University of Economics
**Gameathon Game Development**

Gameathon Events are organized by Izmir University of Economics Vocational School and participants are expected to develop a game from scratch within 24 hours. I not only provided the website and application infrastructure for this event, but also served as the director throughout the event.

05/2024 Izmir University of Economics
**6.Unigraph Design and Creativity Festival**

**Link** https://www.ieu.edu.tr/tr/events/type/read/id/1618

2022 – 2024 Izmir University of Economics
**Cyber Security Club**

04/2024 Izmir University of Economics
**Huawei Student Developers R&D Meeting**

I attended the Huawei R&D Meeting organized by Huawei Student Developers. I had the opportunity to ask questions about Huawei's projects and entrepreneurship. Thank you to Huawei, HUAWEI Student Developers (HSD) Türkiye for organizing the event, and special thanks to Huawei R&D Director Fatih Mert and his team for their participation

## RECOMMENDATIONS

**Doğan İşleyen** GM of EFOR Fuarcılık (Former GM of İZFAŞ)

He is a very ambitious and determined person, there is nothing he cannot do in the job he loves.

**Phone** (+90) 5336874545

**Burak Erarslan** Co-Founder of Pinyin Marine

He has developed himself in web services and has a strong communication skills

**Email** burak.erarslan@pinyin-marine.com  |  **Phone** (+90) 5373442566

**Ertuğrul Aksel** Founder at Serapore Machines

Thanks to Ayberk's innovative policies, development-oriented efforts, and time-saving solutions, our company has gained a significant market position since its inception. I extend my gratitude to them

**Email** ertugrul@serapore.com.tr  |  **Phone** (+90) 5324214816

**Murat Albuz** Plant Manager at Newarc

Kudos to Ayberk for driving our frontend development with creativity and efficiency. Their solutions have made a real impact!

**Email** murat@newarc.com.tr  |  **Phone** (+90) 5056814460

## HONOURS AND AWARDS

31/05/2024
**Certificate of Honor – İzmir University of Economics**

I am an "Honour" Student with a GPA of 3.44 and I was entitled to receive this certificate.
